### DIY INSTRUCTIONS AND TIPS

#### HOW THIS WORKS:

These files are being sent to you in PDF format, unless otherwise noted. You will need Adobe Reader to read them, as well as to add text (if applicable). If you do not have Adobe Reader, you can download it for free here: <http://get.adobe.com/reader/>

Instructions and usage recommendations for each file that you have purchased are listed below.

These files were designed to be printed by you on your home printer, or at your local printing company. Please be sure that the files are set to 100% resolution and that the “print actual size” option is selected on your printer to ensure that your items print out accurately.

For best results, be sure to select the “best” or “high resolution” option on your printer, and choose the appropriate paper setting. If you choose to print on sticker paper, that is typically the “specialty paper” setting on your printer.

If you prefer to print on regular paper and mount the labels with adhesive, the designs are best printed on bright white, heavyweight gloss cardstock paper.

You may print the designs as many times as you’d like, I just ask that you respect my work and please do not copy, share, or redistribute them.

Once the designs are printed, simply cut them out and decorate! It’s as easy as that.

Feel free to embellish your printables and add your own personal touch. Get creative and have fun!

#### Here are the supplies we recommend you have on hand:

- Bright white card stock or sticker paper
- Double-sided tape
- Scissors
