

# PRINTABLE TATTOOS

## INSTRUCTIONS AND TIPS

### HOW THIS WORKS:

These files are being sent to you in PDF format, unless otherwise noted. You will need Adobe Reader to read them, as well as to add text (if applicable). If you do not have Adobe Reader, you can download it for free here: <http://get.adobe.com/reader/>

These files were designed to be printed by you on your home printer. Please be sure that the files are set to 100% resolution and that the "print actual size" option is selected on your printer to ensure that your items print out accurately.

The images have been reversed for you, so that they will display correctly when applied.

For best results, be sure to select the "best" or "high resolution" option on your printer, and choose the appropriate paper setting, which is typically mentioned in the manufacturer instructions of the tattoo paper packaging. On my printer, I chose "Specialty Paper, Glossy."

Follow the tattoo transfer paper manufacturer's instructions for printing and applying.

You may print the designs as many times as you'd like, I just ask that you respect my work and please do not copy, share, alter, or redistribute them.

Once the designs are printed, simply cut them out and decorate! It's as easy as that.

HAPPY CELEBRATING, *jen*
